EXAMINER'S AMENDMENT/REASONS FOR ALLOWANCE

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Solely for purposes of correcting spelling, Claims 86-89, 93, 94, 99 are amended as follows:

Claims 86-89, 93, 94, 99, line 2 of each: delete "mosquitos" and insert in place thereof:

-- mosquitoes --.

The following is an examiner's statement of reasons for allowance: In consideration of Amendment (2/13/2004) and in reconsideration of the prior Office Actions and responses thereto, the claimed invention is neither expressly disclosed nor fairly suggested by the prior art. The prior art does not disclose or make obvious a composition comprising mosquito attracting amounts of lactic acid and carbon disulfide, a composition consisting of mosquito attracting amounts of lactic acid and butanone, or lactic acid and 2-pentanone, a method for attracting mosquitoes with a composition consisting of mosquito attracting amounts of lactic acid and acetone, or pyruvic acid and acetone, or glycolic acid and acetone. The combinations above exhibit unexpected attractant effects with respect to mosquitoes (See Specification, Tables 2, 3, 5-9).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
